Gentlemen

Your package of Coins reached me yesterday. The 1795 Silver Dollar is a very fine dollar but not good enough to place along side of my Flowing Hair. It is too much nicked on the obverse As regards the other pieces, I had purchased a little Collection of one of my neighbors last Tuesday and of course had no use for more.
However as it contained No 1836 Dime - 1843 ½ Dime 1860 Quarter. I shall show your sent me for which I enclose you the amount 1836 Dime 120 ✓
1843 ½ " 30 ✓
1860 ¼ " 30 ✓
$1.80

The balance I return by Express prepaid.
I trust your draft on Mr Leslie was honored by this

Gentlemen

Your package of Coin reached me last Evening, and I return it by Express to day.

I have taken one piece for this reason. Last Saturday I purchased 5 Nicks extra of Tinto, and until I got time to examine closely and compare with what I had ordered I'll not be able to determine just which brand I shall want to improve. I am sorry you went to so much trouble to send me the pieces, but in reading my letter you will notice I simply asked for a sample or two from each brand you have on hand. I would be pleased to have a lot of five pieces from each without adding of course, but you may not remember that I have been carrying Tinto, and will be pleased to have you in a position to consolidate as often as

left you. I called on Mr Dewey twice, but he office was closed and I found he is out of town.

Most likely I'll shall have a lot of duplicate on hands, nothing (much) of any great value. What is my best method of disposing of them? They no doubt cost me a great deal more than I shall be able to realize out of them.

Thanking you again for your [illegible]
